Edison Phonograph

This year the Edison Phonograph-is a finer musical instrument than it has ever been before, because it plays the wonderful Blue Amberol Records that Mr. Edison has just perfected.

Every Blue Amberol Record is made by an arist whose singing or playing can be perfectly recorded. Every Blue Amberol must pass a critical examination before it is offered to you. Each one is wear-proof and reactically unbreakable—and the tone is finer and truer than ever. See your Edison dealer about it today.
